

Altenrhein Aviation (AAL AG) is a medium-sized MRO with headquarters at Altenrhein Airport in Switzerland. Since January 2022, we are part of the Atlas Air Service Group.

We are looking for an experienced EASA B1 / B2 / C engineer, 100%
(based at Altenrhein Airport)

RESPONSIBILITIES

- Perform scheduled maintenance tasks within our EASA Part-145 maintenance team
- Work on different aircraft types and components including troubleshooting and rectification of unscheduled tasks
- AOG and field repair support of customer aircrafts
- Assist in improving and maintaining the technical standards and procedures of our base MX
- Technical support during investigations and communication with manufacturers and customers

REQUIREMENTS

- EASA Part-66 license
- Must hold a Swiss or EU passport and a driving license
- Experience on Embraer, Cessna, Gulfstream, Pilatus or Piaggio aircraft types is beneficial
- High degree of self-responsibility to perform the designated work and completion of maintenance / aircraft documentation
- Ability to work independently
- Good IT skills
- Excellent team player
- Good knowledge of English (written and spoken), German and/or French is a plus

BENEFITS

- Flexible working hours
- Long term employment
- Chance to obtain more type-ratings
- Independent work environment in a growing mid-sized company
- Attractive terms of employment

If you wish to join us, please send your application to Human Resources: hr@aal.aero (Mrs. Janette Ritz)
